

Irrigation & Nutrient Management Workshops

December 5th, 2019, 9am – 12:30pm

Stanislaus County Ag Center - Harvest Hall
3800 Cornucopia Way, Modesto

Learn how to utilize technology to minimize nutrient loss and optimize irrigation efficiency!

Topics Include:

- Introduction to distribution uniformity (DU)
- Productivity maintenance
- Flow meters & calculations
- Value of data management
- Scheduling & fertigation

These FREE workshops provide the technical training that irrigators need to identify system inefficiencies to achieve optimal performance in their productions.

For more information, contact Trina Walley at the East Stanislaus Resource Conservation District at 209-287-3662 or by emailing programs@eaststanrcd.org.

These workshops, and materials developed for this project, are supported through the CDFA Fertilizer Research and Education Program, under Agreement No. 17-0489-000-SA.
