

Irrigation & Nitrogen Management Plan Grower Self-Certification Training

The California Cotton Ginners and Growers Association (CCGGA) will be holding our first ever **Irrigation & Nitrogen Management Plan Grower Self-Certification** training event at the Monterey Plaza Hotel on February 22nd, 2018. This training is being held in coordination with CCGGA's Annual Meeting, also being held at the Monterey Plaza Hotel February 22nd-23rd. This training is open to growers of all commodities, and is aimed at assisting growers in being able to self-certify Irrigation & Nitrogen Management Plans. These plans are submitted to 3rd Party Coalitions, and ultimately to the Regional Water Quality Control Board. The State Water Board is including a requirement for these types of plans to be certified by either a licensed CCA, or by growers who have achieved certification through a Grower Self-Certification course.

This Training Event is FREE – We ask that you register for the event

Start Time: 8 am, February 22nd, 2018
